THE DIXON CABIN— OUR HOME AWAY FROM HOME & THE PLACE FOR US TO REJUVENATE

The Dixon Cabin has everything you need to sit back and rejuvenate from the hustle and bustle of what you left behind. This cabin sits on the very first lot as you enter into Tribute Falls. This cabin has the best scenic view of the Ozark mountains and is right across from the community swimming pool and pavilion. This location was originally the local general store and filling station for the town of Mano. This building became the local watering hole for a few years and then was vacant for many years until the Dixon's purchased the Marina and this land and turned it into their lake cabin as it is today.

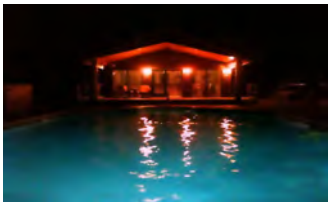

The Dixon cabin is a two bedroom, one and a half bath, and a full kitchen with an very open layout to the family room and dining area. The kitchen has a four burner stove top and oven below with a Microwave, Coffee Maker, and full size refrigerator. This cabin has a wrap around deck with a gas grill and a small charcoal grill for that true barbeque enthusiast. There is a small front yard with landscaping and a drive way that easily parks two to three cars. There is Dish Network in the family room as well as the main bedroom. Bring your DVD's, and Xbox games to enjoy as well. Each bedroom has a closet and one dresser with queen beds. The family room has three couches and a futon. Dining area has a 48" square table that converts to a 60" round table for more seating. Absolutely perfect for your get-away.

Rate: Dixon Cabin -\$175.00 per night, special rate for week rentals. (\$525 minimum or 3 nights) **NO PETS.**

SOOTER CABIN

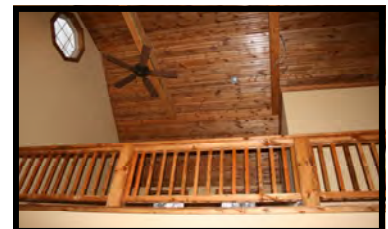

This is our largest lake home in Tribute Falls and will sleep up to 10 people. This is a great home to stay in when you're away from yours. It is fully furnished like all the homes in Tribute Falls with a flare to comfort. This home has two bedrooms and a loft upstairs. Each bedroom has a Queen size bed with a dresser and closet for your belongings. The master bedroom upstairs also has a private sitting deck off the back of the house so you can relax in private and right within the cedars of the Ozarks. Adjoining this master bedroom is a large bathroom with a glass enclosed shower and a separate Jacuzzi tub if preferred. This cabin offers great natural woodwork with multiple grains that really brings the lake living lifestyle to reality. Also upstairs, you will find a large loft that has a queen size sofa/sleeper and a large bunk bed that has a double bottom bunk with a single top bunk. This area is great for the children (Five have slept here comfortably). The main living area features a gas fireplace and a large flat screen TV above the fireplace where you can enjoy your favorite programming on Dish Network including local channels. The kitchen is just off the main living area along with the dining space that keeps a very open lifestyle to enjoy your social time. This cabin also enjoys a wrap around deck and off the front of this large deck is a fire pit to enjoy a good campfire with a stump for each person's rump. An attached garage is also available with this lake home.

RATE: Sooter Cabin—\$250.00 per night, special rate for week rentals.

	<p>“It is nice to go on vacation and stay in a fully furnished home with the serenity of Tribute Falls”</p> <p>The Sooter home is awesome!</p>

TWIN OAKS CABIN

Twin Oaks provides a quiet retreat for those who want to unwind and disconnect from the busyness of day to day living. Completed in 2008, the cabin offers a comfortable environment where rustic furnishings and modern amenities create a unique, homelike atmosphere. 21 feet of windows at the front of the cabin flood the kitchen and living area with brilliant natural light and provide a beautiful view of the wooded surroundings. At night, enjoy the towering outlines of the trees and moonlight through the same windows. The downstairs has an open feel with the kitchen, dining, and living areas all connected. Family and friends can interact and enjoy each other's company here, while the loft and bedrooms provide more private, personal space.

The cabin's setting affords an attractive contrast of manicured gardens with wooded areas. The side yard is finished with blooming annuals, perennials, and burning bushes, while the front yard retains its natural beauty. A stone path, rock border, and cedar tree fence, all created by the owner himself with resources gathered from the area, to complete the setting. No pets allowed in cabins or on grounds
